

Universal Design for Evaluation
September 16, 2013

Discussion Questions

In your small group please discuss the following questions. Also select someone in your group to be a spokesperson for report and discussion time.

1. What, if anything, was new information in the introduction to Universal Design for Evaluation?
2. In your evaluation work, what steps have you taken to ensure inclusion of a diverse range of participants?
3. What lessons have you learned in working with people with disabilities and other vulnerable populations? What tips would you like to share with the group?
